

The Pekingese Club of America Breeder Referral Service

The Pekingese Club of America (PCA) Breeder Referral is a free public service from the AKC National Breed club to help direct prospective buyers to Pekingese breeders throughout the United States, Canada and other countries around the world who are members of The Pekingese Club of America. Please see helpful information elsewhere on this site including a glossary of canine terms (see "Links" page) and educational reading material (see "Publications" page) as well as links to other sites, including Pekingese health, intended to provide information to buyers that will assist them in making an informed decision when purchasing a Pekingese either as a family companion or show dog. Be advised that many states and counties have laws governing the sale of dogs of which both breeders and buyers should be aware, and comply.

Do I want a pet quality Pekingese or a show prospect?

Many times the difference between a show dog or pet quality Pekingese is so very slight. It is up to the breeder to decide if a puppy has the quality to become a champion. The puppy is measured by the AKC breed standard. Often only a slight deviation from the standard prevents a dog from being shown in the conformation ring. Such puppies or dogs not only make wonderful companions for many years, but they are generally more beautiful and better behaved than the average Pekingese. The reason being, they come from dedicated, responsible breeding programs where breeders select for the very best traits and raise their puppies with special care, attention and socialization.

The Pekingese Club of America strongly encourages all breeders to employ ethical breeding and business practices. However, the PCA does not endorse, guarantee, recommend or approve any particular breeder. PCA disclaims any liability or obligation for the health or any other aspects of Pekingese purchased through breeders identified by use of this site. It is recommended that you always consult a qualified veterinarian in matters concerning the health of your Pekingese. And do consider adopting an adult Pekingese from a breeder or through The Pekingese Club of America Rescue and Rehoming Committee listed below.

If you are looking to buy or adopt a Pekingese, please contact the National Breeder Referral Chair or a Committee member listed below, or the PCA Rescue and Rehoming Committee, or any Pekingese Club of America Breeder listed in this directory.
